

## RE-DEFINE YOUR HOTEL EXPERIENCE

### *New Boutique Hotel Unveiled in Downtown Lancaster*

Wander the roads of Lancaster County, and you're just as likely to pass a horse and buggy as an SUV. Here in the heart of Pennsylvania Dutch country, idiosyncrasy is defined as a place where farm-fresh tradition and modern aesthetics complement each other. The Lancaster Arts Hotel exhibits the best of this marriage between contemporary clean and pastoral warmth in a style that can only be termed "rustic edge". Inimitable design and a commitment to local art underline the hotel's peerless service and timeless hospitality.

LAH which unveiled October 1st is located in a historic leaf tobacco warehouse; a well preserved testament to Lancaster's booming nineteenth-century agricultural and manufacturing industries. The hotel features 47 elegant rooms, 16 spacious and sumptuous suites, 2 state-of-the-art meeting rooms, a restaurant, its own art gallery, and free indoor parking.

Standard amenities provided in every guest room includes high-speed internet access, cable television with pay-per-view movies, and other comforts necessary for the businessperson on the go or the vacationer far from home, such as in-room coffeemakers, hair dryers, irons and boards, and individual climate control. Suites also feature refrigerators, whirlpool tubs, and ergonomic chairs.

Our corporate clients appreciate our two meeting rooms, equipped with the latest audio-visual equipment necessary for important conferences accommodating up to 60 guests.

Stay overnight at the Lancaster Arts Hotel and leave inspired. In addition to the works that splash the walls of the common areas, the hotel's art gallery features rotating collections of local artists that celebrate the city's singular complexion of cultural hues and tones. If you want to explore Lancaster's art and culture scene further, take a short stroll down the city's brick-lined paths to the city center, home to a myriad of galleries, shops, museums, cafes, and restaurants. Or take a trip into a simpler, plainer past with a 10-minute drive, where you'll be able to tour the lives of the Amish and other Plain Sects.

The hotel's central location and proximity to the area's diverse attractions, as well as local colleges, universities and businesses, offers many opportunities for a unique experience, which our staff will be happy to arrange for you.
